LOCATION

Chaweng Buri is located in the central of Chaweng beach, only 20 minutes drives from the airport. The resort is built in the most sought and most developed Chaweng Beach area, where young travelers and families alike are attracted with the easy access of day and night life activities through a long streamline of boutique and souvenir shops, bars, food line such as McDonalds, Pizza Company, Starbucks, including nearby medical facilities, and many more, which remain good value for the money.

The beach is approximately 7 Km long, with powdery white sand. It is bordered by dreamy, emerald-blue waters and a coral reef where waves break, leaving the bay quite peaceful. Two small islands are close to the reef - the nearest one can easily be accessed by walking through the shallow waters.

The second island, farther out and larger, provides the perfect opportunity to enjoy snorkeling and kayaking. ***“Bring shoes if you plan to walk around the islands, as they are made of sharp coral sands.”***
